COCOM Document No. 3710.88/3

COORDINATING COMMITTEE

RECORD OF DISCUSSION

ON

ITEM 1088 - GEAR MAKING MACHINERY

16th December, 1959

Present: Belgium (Luxembourg), France, Germany, Italy, Japan, Netherlands, United Kingdom, United States.

References: COCOM Documents Nos. 3700.2, .3 and .8, 3710.00/1, 3710.88/1 and 2, W.P.1088/1, 2 and 3 revised.

Part (b) 1. At the opening of the third round of discussion, the BELGIAN Delegate confirmed the agreement previously given ad referendum to the definition set out in paragraph 3 of COCOM Document No. 3710.88/1, with a 2" cut-off.

2. The UNITED STATES Delegate stated that he had received no instruction authorising him to accept a 2" cut-off.

CONCLUSION: The COMMITTEE noted that in the absence of agreement on a new text, the definition of Item 1088(b) would remain unchanged in English. In the French version, however, the text between brackets would be adjusted to read:

"(pas diamétral correspondant à un chiffre supérieur à 48)."
